General and Revenue Secretariat — Census — File No. 18 — of 1941 — [App. F. III-2

Serial No.

From the Census Supdt
No. 3207 dated 15th January 1942

Forwards Copies of the Village Tables relating to the Distts of Bangalore and Kolar, and recommends that the price for each Distt Volum be fixed at annas eight only.

Flag A.

In G.O No. G. 4162-4 / Cen. 18-41-2 (X) dated 4/11/41, Govt sanctioned the printing of 400 Copies of the Village Tables (Part V) of the Census Report.

2. The Census Supdt proposes to have separate volumes for each Distt, as it is more Convenient to have 150 Copies in the form state volumes and the remaining 250 Copies being bound by Distts for distribution to several Offices and for Sale to the public.

3. In para 2 of the D.O, the Census Supdt has explained why the price of each Distt Volum may be fixed at annas eight which means that the Cost for all the 9 Distt volumes will be for Rs 4-8 or Re 1/- more than for the Village Tables of 1931. The price of 8 as. per volume proposed will mean a loss of Rs 1-12-0 per volume, as the actual Cost of a copy would be Rs 2-4-0 as pointed out by the Supdt, Govt Printing.

4. Reference is invited to the Dev Secretary

RETRANSMITTED WITH COMPLIMENTS:-

8 The estimated cost of Rs.2-4-0 for each District Volume includes the usual Sales Commission of 33⅓%. Exclusive of the Sales Commission, the actual cost per copy of the Volume works out to Rs.1-12-9. This high price per Volume is due to the following:-

1. The size of the Volume this time is three times larger than that at the previous Censuses.
2. The nature of the work is more complicated.
3. The abnormal increase in the rates of papers.

Taking the above facts into account, a reduced price which is considered suitable by Government, may be fixed, if some of the State Volumes are to be made available to the Public.

Bangalore,
Dated 29th January 1942.

9 The Superintendant Govt Printing has stated that the actual cost per copy works out to Rs 1-12-9, but including sales Commission it becomes 2-4-0 per copy. The reasons for the high price are also given.

10 The Census Superintendant's recommendation to fix the price at annas eight per each Dt Volume is for orders.

Rs 3/2 10) The proposal of the Census Supdt may be approved for reasons explained by him in paragraph 2 of his letter (P. U 2)

Lio vus) 5/2/42

11) Eight annas a copy appears to me to be too low; and as the present volumes contain about thrice the material, & as the paper prices have also gone up, it is suggested that the price per copy of the Dt Volume may be fixed at Rs 1/4 or Rs 1/8, & the price of the State Volume being fixed at Rs 10/- or Rs 12/

Min. & S.G.) WG

12) is not 2 as. 12.0 or may be price 7/2/42 for the Dt volume and the State volume may be fixed at Rs 6/- each

Encls: Two Village Tables.

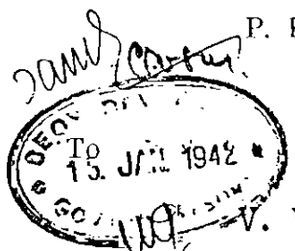
OFFICE OF THE CENSUS SUPERINTENDENT
IN MYSORE,

Dated Bangalore, 13th January ..... *194*2.

FROM

P. H. KRISHNA RAO, ESQ., M.A.,
CENSUS SUPERINTENDENT IN MYSORE,
BANGALORE.

Dft dated 12th Jan.



To
V. VEDAVYASACHARYA, ESQ., B.A.,
Secretary to Government,
Development Department,
BANGALORE.

Census 161

SIR,

I have the honour to forward herewith for the information of Government a copy each of the Village Tables relating to the Districts of Bangalore and Kolar. The tables for the other Districts are under print and copies of the same will be submitted for the information of the Government as and when they are ready.

2. The Village Tables for all the Districts were bound in one volume during the previous Censuses; but I find that it would be more convenient to have separate volumes for each District and to have only a limited number of volumes bound for all the Districts of the State, for use in the Secretariat, in the office of Heads of Departments, Public Libraries and other important institutions which require them. About one hundred and fifty copies of this State Volume would be sufficient for this purpose. The remaining two hundred and fifty copies out of the four hundred copies sanctioned by the Government will be bound by Districts for distribution to several offices in the Districts concerned and for sale to the public. It has been usual to fix a price for the volume kept for sale in the Government Central Book Depot. A price of Rs 3-8-0 was fixed for the

volume of Village Tables of 1931, which included the Tables of all the Districts. The Superintendent, Government Printing, estimates the cost of each District Volume now printed at about Rs 2-4-0 per copy, which means a total amount of about Rs 20-4-0 for the entire set of District Volumes. The size of the volume this time is, of course, three times that at the previous Censuses on account of the revised form adopted for embodying statistics relating to literacy and Vaccination and also on account of inclusion of certain essential statistics about Schools, Medical institutions, Jatras, etc., separately for each Taluk. If the price for each volume is fixed at about Rs 2-4-0 which the Superintendent, Government Press says is the actual cost incurred therefor, it is improbable that any one would go in for these copies as the price would certainly be considered prohibitive with the result that our object in making available to the public the valuable statistics collected at such labour and cost would be defeated.

3 I would , therefore, recommend that the price for each District Volume may be fixed at annas eight only. Even then the cost for all the volumes would be Rs 4-8-0 or Re. 1/- more than for the Village Tables of 1931. I request you to be so good as to obtain the sanction of Government for this proposal.

I have the honour to be,

Sir,

Your most obedient servant,

CENSUS SUPERINTENDENT.

SRS.
